Cabinets for documents and files are a perfect and a practical combination of the filing cabinet for files with the cabinet for other documents. Drawers are installed on double extension ball bearing slides, protected from falling out. Cabinets have a special mechanism allowing for opening of only one of the drawers at a time which protects the cabinet against tipping. Drawers are equipped with a central locking mechanism. Maximum load capacity of each drawer is approx. 40 kg. The cabinet is made of powder coated steel sheet and the bottom part of the cabinet is made of zinc galvanized steel sheet. Door handle is equipped with lock securing cabinet in 2 points. In the part for documents there are adjustable shelves every 25 mm. Assembly not necessary. Delivery costs are not included, but this can be agreed separately.
